## Study Descriptions

### The Torah: A Bible Project Series

Walk through the first five books of the Bible (The Torah) along with the Bible Project's Series and video tool. These five books of Moses start the Old Testament and are also referred to as the Pentateuch. In seven sessions, experience these scriptures in a comprehensive, relatable way. This is the foundation story for Israelites, their covenant with God and their role in history.

### What is an Inductive Study?

Inductive Bible study is an approach to God's Word focusing on three basic steps that move from a general overview to specifics. The steps are:

- Observation (what does it say?)
- Interpretation (what does it mean?)
- Application (what does it mean for my life?)

### Faith, Hope & Love (Andy Stanley)

Unpack the power of faith and your need to maintain confidence in Christ through the ups and downs of everyday life. Discover the difference between FAITH and HOPE in this 5 week, video based study.
