### **The Story of Scripture** (LifeGuide/Castleman)

#### *Christian Men vs. The World – The Flesh & The Devil*

This study helps its participants make connections and fit the story of God and His people together from Genesis to Revelation. This is a 12-week study.

### **Inductive Study**

#### **What is an Inductive Study?**

Inductive Bible study is an approach to God's Word focusing on three basic steps that move from a general overview to specifics.

The steps are:

- + Observation (what does it say?)
- + Interpretation (what does it mean?)
- + Application (what does it mean for my life?)

### **Letters of John** (byLivingWay)

The same author that wrote the Gospel of John wrote these three letters from Ephesus no later than 90 A.D. This is an eight-week, in depth study seemingly written for a time such as this.
