

2027 INTERNATIONAL MISSION TRIP

MADAGASACAR | APRIL 5-14, 2027

Discover an island nation rich in biodiversity and immerse yourself in the heart of Madagascar. On this journey, you will experience the country's vibrant beauty, witness the daily realities of the Malagasy people, and see hope renewed firsthand through the children and staff at House of Hope Madagascar (HOHM).

Our Focus: Being the hands and feet of Jesus through building relationships with the children at HOHM, group worship, light service projects, and local village outreach.

Perfect For: Adults (18+) with an adventurous spirit and a willing heart. If you don't mind long travel days, want to deeply experience a new culture, and desire to see lives transformed, this trip is for you.

Why Go: True impact goes both ways. While you serve and support the local community, you'll return home with a renewed perspective, a strengthened faith, and a broader understanding of the world.

Interested? Fill out the application form to join the team!
